King's Secondary Highways and Tertiary Roads

FOREWORD

Distances given in this booklet are road distances used by this Ministry for the King's and Secondary Highways and the Tertiary Roads in Ontario as of December 31, 1984. Due to ongoing physical changes in the highway network, some distances may, at times, seem incorrect. They will be updated for the next issue.

All highways are listed in numerical order, with the Queen Elizabeth Way first. The point descriptions along each are listed from east to west or from south to north depending on the general direction of the highway. An X opposite a point description indicates that it is the chosen centre of the municipality named.

Highways in the 400 series, together with the QEW, are generally multilane, divided, controlled-access routes. Highways numbered from 2 up are generally conventional highways of two or more lanes.

Highways in the 500 and 600 series are Secondary Highways. Roads in the 800 series are Tertiary Roads. Overlapping highways are shown with a slash between the highway numbers (e.g.: Hwy. 7/8 or Hwy. 11/17, etc.).

Note that

Distances are given accumulatively in both directions except where a highway is interrupted for construction purposes, ferry crossings, or because a section of road is not under MTC's jurisdiction. This interruption is indicated by showing the same figure twice as an end and start point.

e.g.	Hwy 8	
57.2	Cambridge-Branchton Rd(s).	125.8
	Waterloo Reg. Rd. 8 (11.0 km.)	
57.2	Cambridge-Kitchener Lts. Hwy 401	125.8

The in between distance of 11.0 km should be added to any section of the highway thereafter, or to the total distance shown at the end of the highway.

The explanations of various abbreviations used in the table are given on the following page.

The Distance Table is a Ministry of Transportation and Communications publication indicating the official road distances along all highways and roads under Provincial jurisdiction.

The current edition has been prepared to make it easier for the public, tourists and commercial drivers to find accurate distances and destination points along Ontario's excellent highway network. Together with the official Road Map, this booklet will prove to be very helpful to highway travellers in Ontario.
